

Coastal Rowing Parameter

1、Ocean 1X

parm:

long: 600mm, wide: 79.5mm, depth: 45mm, weight: 35kg±0.5kg

Material: Nomex,Carbon fiber,Fiberglass

2、Ocean 2X

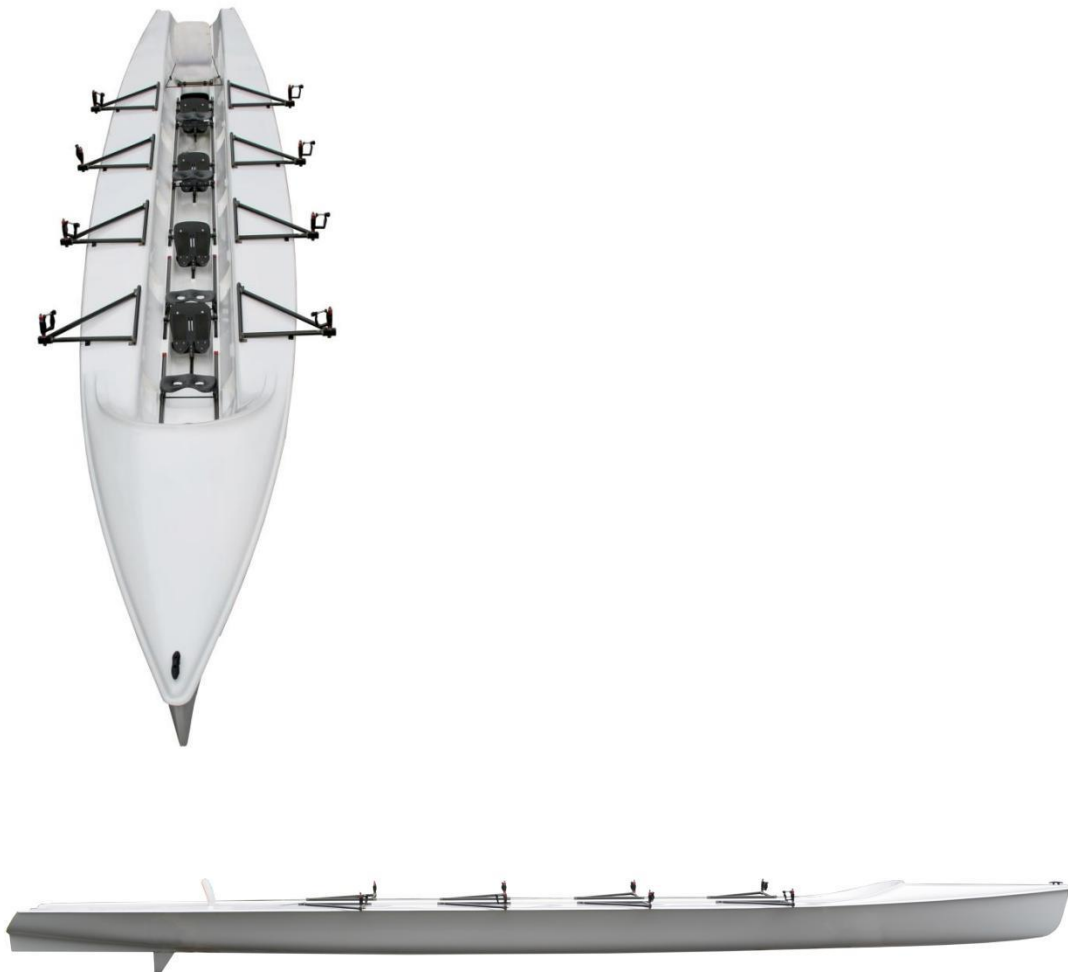

param:

long:751mm, wide: 101mm, depth:50mm, weight:60kg±0.5kg

Material: Nomex,Carbon fiber,Fiberglass

3、 Ocean 4X

param:

long: 1070m, wide: 137.4m, depth:68mm, weight:125kg±0.5kg

Material: Nomex,Carbon fiber,Fiberglass

The Sea Rowers can withstand the full force of the ocean and bring the athletes home safely. Sea Rowing provides another level of rowing sport, athletes can feel at ease the power of nature! The invincible marine racing boats 1X and 4X have durable hull and Gel coat appearance and can withstand the daily wind and rain on

the sea. Completely self-draining, allowing water to simply flow out of the Stern, no matter how big the wave.
